

Key Stage 2 - Remote Teaching and Learning Guidance

What will Remote Teaching and Learning look like for my child/children?

In Key Stage 2, your child's assignments will be posted on Google classroom by 8:40am each day. Each lesson will be posted as an assignment, along with instructions on what is required. See the screenshot below for an example.

Writing 14/1/21 - LO: write the Dreamgiver narrative

Miss Pattrick • 14 Jan

100 points

Use the lesson slides to help you write your version of the Dreamgiver. I've added videos to help you write each section - click the links in the slides. Remember you can change the monster or the problem if you want to, or just use the animation to help you.

Use the doc to write your story - you can use the table to help you structure it if you want to, or delete the table and just type on a blank doc. Remember to check your work before you hand it in. We will be editing tomorrow so you will have chance to finish writing then if you need to.

We can't wait to read your brilliant stories!

Writing 14/1/21 - LO: write a ...
Google Docs

Each day the children will have maths, writing and reading, plus another lesson covering the wider curriculum over the week. These learning tasks will use Google Slides and Docs which the children are familiar with using in school.

Each lesson will have teacher input - this could be lesson slides (sometimes with video recordings from the teacher) or links to online lessons from White Rose Maths or Oak National Academy. There may also be other links to videos or resources within the slides.

The children **must** complete all of the tasks on each assignment and then press the 'hand in/turn in' button. Once the assignment has been handed in, the class teachers will provide feedback on the learning completed via the private comment box to help children make progress in their learning. This also helps teachers to assess the learning and adjust it as needed. We appreciate your support to ensure your child has the best learning opportunities.

Each morning, children should check their Google Classroom, read the instructions and complete all of the learning challenges provided. If they are stuck, they can ask within the comment section of the assignment post.

	English	Maths	Reading	Other subjects
Monday	Spelling Writing - Dreamgiver sentences	Maths - multiplying fractions by fractions	Reading - Sky Song chapter 4 + storyboard	Topic - research Antarctica
Tuesday	Writing - Dreamgiver sentences	Maths - dividing fractions by whole numbers	Reading - Sky Song chapter 5	PSHCE Spanish Music
Wednesday	Writing - Dreamgiver planning	Maths - dividing fractions by whole numbers	Reading - Sky Song chapter 6	RE- the themes of Moses
Thursday	Writing - Dreamgiver write narrative	Maths - finding a fraction of an amount	Reading - Sky Song chapter 7	Science- life cycles
Friday	Spelling Writing - Dreamgiver edit and share	Maths - Arithmetic questions	Reading - Sky Song chapter 8	PE Reading Cafe

A weekly Timetable will be posted on Google Classroom every Monday which will include an overview of the week.
(See example)
Each lesson will then have an assignment posted on Google Classroom.

The government guidance is that remote learning should be as close as possible to the learning in school which would usually happen. Just as they would in school, children must engage with all the lessons. There may be parts of tasks which they find more difficult but they should try to complete as much of the work as they can each day. We appreciate that you are working hard to support remote learning at home and we recognise that this may be difficult; please contact us if you have any problems so we can work together to overcome these.

If you need to borrow a chromebook to help your child access and complete the remote learning on Google Classroom, please contact the admin team to arrange this.

If you have any questions about any of the learning provided, please contact your class teacher to see how we can support you and your child's learning further.

Thank you for your continued support.
