### A message from the Head of School...

Dear Parents and Carers,

I hope that this week has gone as well as possible for you as we continue with the remote learning at home. I do appreciate that it is not easy and that many families have a number of children at home and people logging on for work. We know that some parents and carers have said they are struggling with remote learning. This is perfectly understandable and please don't worry if you have an off day with this. We hope that the support you are receiving from our phone calls home are providing useful guidance.

The work being produced and shared is certainly making everyone feel proud. The lessons and activities that have been set by our class teachers strongly reflects and supports our remote education provision.

Please keep safe and well as we continue through this National Lockdown.

Keep it up everyone!

### Laughing

Laughing feels good, boosts our immune system and helps us keep things in perspective. Laughing with others strengthens relationships and, because laughter is contagious, we laugh more with each other.

- \* Share jokes at home and online
- \* Watch funny clips and films
- \* Try laughter yoga; there are plenty of examples on YouTube.

There is some research evidence that even or forced laughter can improve mood and wellbeing.

## Reflection Prayer

Dear God,

Neither this year nor this term have started in the way that we had hoped they would. We wanted to come back to school and learn together. We miss our friends. We miss singing and laughing and playing together. It's wet, dark and cold and spring still seems far away. We know that many people are unwell and worried for themselves and others.

When we think about these things sometimes we feel sad.

Help us to remember that you always know exactly how we feel, and that your love for us never fails.

Help us to trust that these difficult times will pass, that you are always with us and that you will never leave us to face them alone.

Teach us to be faithful and to persevere in our learning especially when we find it hard to concentrate.

Forgive us when we forget to give thanks for the many good things we can still enjoy each day: our homes, our food, our families.

May your Holy Spirit inspire us to reach out to others in love, to persevere when life feels hard and to serve you and each other with grateful, trusting hearts.

In Jesus' name

Amen

I would love a weekly prayer for the newsletter to be written by one of our children. Each week I will ask a different class to lead us in this. Parents and carers, I know you are all busy and working really hard at home but if you were able to email me a scan or picture of your prayer that would be wonderful.
