See following pages and Google Classroom for further information, links and tasks.

Year 6 Maths

Click on the White Rose Maths logo to find Year 6 Maths lesson videos for this week with activities to complete within them.

Click on the link for BBC bitesize lessons:

Monday: Numbers with 3 decimal places

Tuesday: Multiply decimals by 10, 100 and 1000

Wednesday: Divide decimals by 10, 100 and 1000

Thursday: Multiply decimals by whole numbers

Friday: Coordinates and translations recap

Basic Skills:

Practise your quick recall of times tables and number bonds on TTRockstars and Numbots!

Year 6 Reading

Sky Song

See the lesson slides and copies of Sky Song on Google Classroom, plus some short tasks.

Lesson 1 - Chapter 13 + retrieval questions

Lesson 2 - Chapter 14 + storyboards

Lesson 3 - Chapter 15 + predictions

Lesson 4 - Chapter 16 + discussion

Lesson 5 - Chapter 17 and 18 + summarise

Independent reading:

Choose a reading book from Oxford Owl's e-book library [here](#)

username: **cogan6p** OR **cogan6w**
password: **read**

Reading fluency:

Practise reading aloud fluently from your home reading book at least once a week.

Readers theatre:

Practise reading aloud at home. Remember to pause for punctuation. Think about your pace, intonation and expression.

Lexia:

Don't forget to complete at least 20 minutes of Lexia each day if you have a log in! Teacher email a.chapman@ebor.academy and password; read. Click below:

Year 6 Writing

Persuasive letters to save the bees!

Check Google Classroom for slides and tasks to write a persuasive letter to help protect and save bees from pesticides.

Lesson 1 - [spellings](#) plus reading about bees

Lesson 2 - features of formal letters

Lesson 3 - research bees

Lesson 4 - formal vocabulary and writing

Lesson 5 - [spellings](#) and sentence skills

Spelling:

Practise a spelling rule from the Y5/6 rules on Spelling Frame:

Spellingframe

Practise words from [our Year 5/6 word list](#). Here are some ideas of [different ways to practise spellings!](#)

Grammar:

Use [this BBC Bitesize website](#) to revise some of our learning about grammar and sentences.

Year 6 RE and Science

RE:

Today, you are going to learn about the link between Moses and Jesus.

You will then see how Jesus valued the Ten Commandments and how some of the commandments are still important today.

Finally, can you share your ideas on the collaborative doc?

Science:

This week, you will recap the characteristics of a bird and think about the life cycle of a chicken

You will learn about the parts of an egg and see how a chick grows inside the egg before it hatches.

Can you describe how a chicken changes over time?

Year 6 Topic and other subjects

Topic

Frozen Kingdom

Geography:

LO: learn more about Tundra.

Use [this Oak National Academy](#) lesson to learn more about tundra.

Use the doc on the classroom to record your work, or you can work on paper if you prefer. If you want to research other biomes, create a doc or slides. You could also try this lesson on [taiga](#).

PE:

Try some ideas from [Go Noodle](#) or [Cosmic Kids Yoga](#)!

Music:

Use [Charanga Yumu](#) home learning with your log in - use Step 3 this week.

PSHE

Look at the slides on the classroom.

Spanish:

Practise using [Duo Lingo](#) and use these video links to remind yourself how to [count to 10](#) and [to 15](#) and [say your age](#).
