## Part A: Pupil premium strategy plan

### Statement of intent

The Pupil Premium is an allocation of additional funding provided to schools to support specific groups of children who are vulnerable to possible underachievement. These include pupils who are entitled to free school meals (FSM), those looked after by the local authority and children of armed service personnel. The intended effect of this funding is to accelerate progress and raise attainment.

It is for schools to decide how the Pupil Premium is spent since they are best placed to assess what additional provision should be made for the individual pupils within their responsibility.

#### **At Alderman Cogan's Church of England Primary Academy:**

Our intention is that all pupils, irrespective of their background or the challenges they face, make good progress and achieve high attainment across all subject areas. We recognise our duty to equip children with the necessary skills and attitudes to succeed in the next stage of their school journey and in later life. Our Christian values of 'peace, trust and friendship' underpins everything we do in school. This, along with our school curriculum design, recognises every child as a unique individual and celebrates differences within our community. These are highlighted within our 'Cogan Learning Goals', a series of statements designed to 'Develop the whole child through a Christian Lens'.

#### **Principles**

- The focus of our pupil premium strategy is to support disadvantaged pupils to achieve and strive for personal excellence. This is a whole-school approach and staff take a proactive approach to ensure progress is made through deep-thinking questioning and regular assessment for learning.
- Quality first teaching and learning is at the heart of our approach, with a focus on areas in which disadvantaged pupils require the most support.
- We ensure that appropriate provision is made for pupils who belong to vulnerable groups, this includes ensuring that the needs of socially disadvantaged pupils are adequately assessed and addressed.
- We also recognise that not all pupils who are socially disadvantaged are registered or qualify for free school meals. We reserve the right to allocate the pupil premium funding to support any pupil or groups of pupils the school has legitimately identified as being socially disadvantaged.
- Pupil premium funding will be allocated following a needs analysis which will identify priority classes, groups or individuals.
- We take a long-term view of pupil-premium spend (3 years) as we believe this is more effective in terms of developing pedagogy, practice and development.
- We recognise that not all disadvantaged pupils will require support to meet their age-related expectations. Therefore, it is paramount that we identify and challenge disadvantaged pupils who are reaching high levels of attainment to enable them to progress further and reach their full potential.

#### **Aims**

- To narrow and ultimately eliminate the attainment gap between disadvantaged and non-disadvantaged pupils within the school.
- To implement an effective oracy strategy across the school to aid writing outcomes.
- For all disadvantaged pupils in school to exceed nationally expected progress rates in order to reach age-related expectations at the end of Year 6 and leave Primary school well-prepared for their next stage of education.
- To aid disadvantaged children not categorised by the traditional 'Pupil Premium' definition, by identifying and removing any possible barriers to success.

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
<p>1. For all children to receive a consistent and ambitious, sequentially planned curriculum ensuring sufficient knowledge and skills for future learning and meeting the needs of all learners.</p>	<ul style="list-style-type: none"> <li>● The school's curriculum is coherently planned and sequenced towards cumulatively sufficient knowledge and skills for future learning and employment</li> <li>● The curriculum is successfully adapted, designed or developed to be ambitious and meet the needs of pupils with SEND, developing their knowledge, skills and abilities to apply what they know and can do with increasing fluency and independence</li> <li>● The curriculum is planned and sequenced so that the end points that it is building towards are clear and that pupils develop the knowledge and skills, building on what has been taught before, to be able to reach those endpoints</li> <li>● Teachers are able to deliver the subject curriculum in a way that allows pupils to transfer key knowledge to long-term memory. Teaching is sequenced so that new knowledge and skills build on what has been taught before and pupils can work towards clearly defined end points</li> <li>● Teachers have good knowledge of the subject(s) and courses they teach. Leaders provide effective support, including for those teaching outside their main areas of expertise</li> <li>● The curriculum is ambitious and shows progression across the year groups, which builds on prior knowledge and prepares children for the next stage in their learning.</li> <li>● Teachers have good subject knowledge for their year group.</li> <li>● High challenge and high expectations are consistently used to drive behaviour and learning and aspirations.</li> <li>● Interventions are purposeful, strategic and well-planned across key-stages.
